4. Student membership

Eligible to students taking Diploma and above in the field enumerated under special membership above.

Vision

To be the preferred association for the professionals in cyber security and digital forensics in Africa and beyond

Mision

To promote and protect the welfare of cyber forensics and cyber security professionals.

OUR OBJECTIVES

1. To arrange, promote, train and facilitate discussions on Cyber Security and Digital Forensics in the form of seminars, workshops, conferences and educational programmes or any other method the association may find suitable.
2. To promote and expand knowledge and skills of its members in the fields cyber security and digital forensics;
3. To champion establishment of sound policies, regulations and legislation on cyber security and cyber forensics.
4. To promote inter-professional collaboration with other professional bodies within and without the country on cyber security and cyber forensics.
5. To promote and protect the welfare and interests of the cyber security and cyber forensics professionals.
6. To conduct cyber security and forensics awareness campaign and capacity building amongst the three arms of government, including county governments.
7. To encourage and assist publications by its members in reputable journals, periodicals and other credible platforms.
8. Encourage members to initiate research works that are geared towards the development of cyber security and cyber forensics in Kenya and beyond.
8. To apply any gainful proceeds of the association on members driven initiatives based on merit and compelling needs.
